Re: Case #2016-5217: 538 Adams St. – *King William District*
Certificate of Appropriateness – Additions to Rear Accessory Structure

Dear HDRC Commissioners,

The King William Association Architectural Advisory Committee reviewed the project and concurs with the OHP staff recommendation for approval, however we feel that the staff stipulation that the added roof form be a hip roof is not necessary and has no immediate reference to the house. The roof on the existing historic structure is a gable form and we feel that the proposed gable on the rear accessory structure is more appropriate.

Best Regards,

Mickey Conrad
Chair, Architectural Advisory Committee

Chris Price
President, KWA Board of Directors
