Re: HDRC Case #2017-342: 111 Daniel St. – *King William District*  
New Fencing  
Certificate of Appropriateness

Dear HDRC Commissioners,

The King William Association Architectural Advisory Committee reviewed the project and concur with OHP staff recommendation for approval with stipulations. Additionally we recommend that the transition between the wood fence and the wrought iron fence proposed on the east property line align with the back of the front porch, not the front of the house.

Best Regards,

Mickey Conrad  
Chair, Architectural Advisory Committee
