Re: Case #2016-5429: 815 S. St. Mary's St. – *King William District*  
Certificate of Appropriateness – New Window Installation

Dear HDRC Commissioners,

The King William Association Architectural Advisory Committee reviewed the project and concurs with the OHP staff recommendation for approval and their stipulations. We recommend that a window awning be added to match the awnings recently installed over other windows on the building.

Best Regards,

Mickey Conrad  
Chair, Architectural Advisory Committee

Chris Price  
President, KWA Board of Directors
